## EXPERIENCE

### Arduino Uno

Sep 2022- oct 2022

Worked as a team member of CIIE(Tech Society of SRM University).

I dedicated my efforts to a comprehensive focus on the sensors within the automobile industry, leveraging my expertise and commitment to contribute effectively in this specialized domain.

### Designing

2016- 2022

Assisted in the day-to-day operations of a design owned by my father.

Developed and applied Designing skills.

Gained practical experience in a real world workspace.

## EDUCATION

### SRM University, Delhi NCR, Haryana

Aug 2022- Aug 2026

Bachelors in Computer Science and Engineering

### CM Science College, Darbhanga, Bihar

Mar 2020- Mar 2022

Intermediate (Science)

## PROJECTS

### Gym Website

Crafted a sleek, responsive gym website using the basics of HTML, CSS, and JavaScript. Demonstrates prowess in web development, delivering both functionality and aesthetics.

## SKILLS

Exemplary **problem-solving** abilities demonstrated through the successful resolution of over 100 questions on the LeetCode coding platform.

### Data Structure and Algorithm

Proficient in **CorelDRAW 11** with expertise dating back to 2016, demonstrating advanced skills in design.
